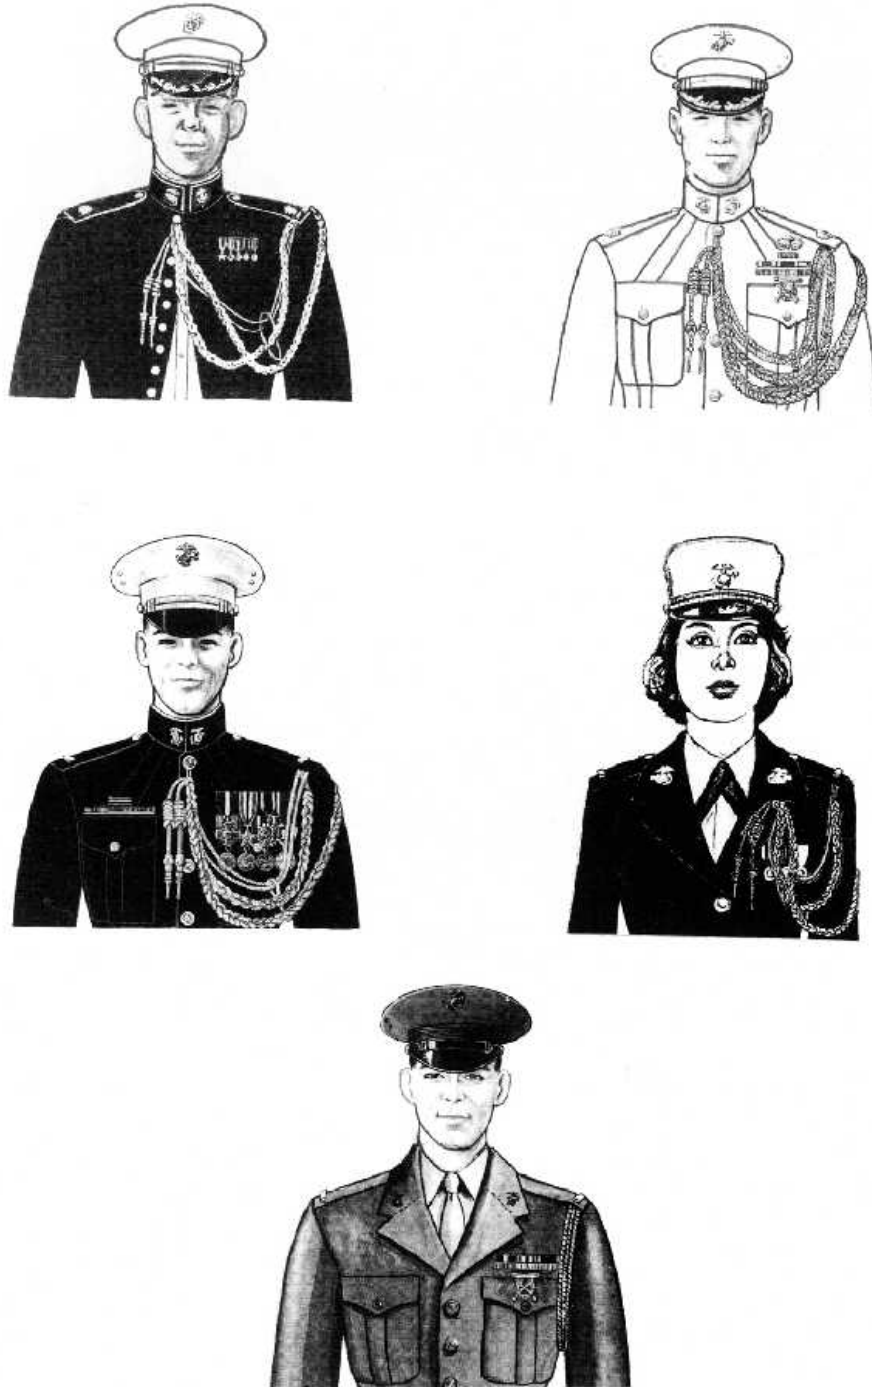

Figure 4-2.--Wearing Aiguillettes.

a. Dress aiguillettes are of round gold cord $\frac{1}{4}$ inch in diameter, with a core of yellow cotton covered with gold or gilt thread. It consists of two cords made in three plaits, with a pencil attachment on the end of each plaited cord, and of two loops of single cord. The rear-plaited cord is 28 inches long and the front-plaited cord is 20 inches long; the front single cord is 17 inches long and the rear single cord is 21 inches long. The two-plaited cords and front single loop (after the latter has been passed through rear single loop) are securely fastened together and have a 1-inch loop of No. 9 gold braid for attaching aiguillettes to top button of coat, collar opening of dress coat, or button or hook of jackets; the rear-plaited cord passing over the front-plaited cord and fastening underneath the front-plaited cord at the loop. From the point where the cords are secured together, the two-plaited cords extend as single cords for 2 inches, then they form coils of five laps, ends passing through coils and extending 2 inches to the gilt pencil attachment. The position separating the front- and rear-plaited cords is fitted with a bar pin about 1-1/2 inches long and 3/8 inch wide, covered with a 1-1/2 inch strip of No. 3 gold braid covering the ends of the cord, and the bar, to allow attaching the aiguillette to the coat or jacket at the shoulder, just inside the armhole seam. The pencil attachment is gold-plated brass, 3.015 inches long, the cap is 0.656 inches long, and the pencil is 2.359 inches long. The cap has six leaves; the pencil has two miniature Marine Corps emblems (omitting motto ribbon and anchor rope) on the upper part and two wreaths on the lower part, all in relief around the circumference. The smooth surfaces are polished; the cap or upper part is stamped; and the lower part hollow-cast, turned, milled, and knurled.

b. Dress aiguillettes are worn on the evening dress, blue dress "A"/"B", blue-white dress, and white dress uniforms. Both plaited cords and the front single loop are worn in the front of the arm, the rear single loop passing from the rear under the arm.

c. Males. On the evening dress jacket, dress aiguillettes worn on the right side will be suspended from a hook at the inside at the base of the collar closure; those worn on the left side will be suspended from the top button. The shoulder straps on the evening dress jacket may be modified, at the individual's option, to allow the aiguillette to pass under the shoulder strap as depicted in figure 4-2. Dress aiguillettes will be suspended from the top button of the blue dress and white dress coats.

d. Females. On the evening dress jackets and dress coats, dress aiguillettes will be suspended from the milled nut securing the branch of service insignia or from a small button attached to the body of the jacket/coat under the extreme inside point of slash between lapel and collar on the side on which the aiguillette is worn.

3. Service

a. Service aiguillettes are of round gold wire and scarlet cord, 1/4 inch in diameter, and consist of two, three, or four loops sewn together all the way around. The lengths of the cords forming loops are: the first/inside loop, 27 inches; the second loop, 28-1/2 inches; third loop, 28-3/8 inches, and fourth loop, 30-3/4 inches. Where the ends meet, the cords are fitted

with a bar pin about 1-1/2 inches long by 3/8 inch wide and bound together with a 1-1/2-inch strip of No. 3 gold braid covering the ends of the cord to allow attachment of the aiguillettes to uniform coats at the shoulder, just inside the armhole seam. The loops are arranged to lie flat in a horizontal position where they are fastened to the armhole seam, continuing thus for about half their length, then twisting obliquely and becoming superimposed vertically around the lower curve.

b. Service aiguillettes are worn on the service "A," "B," and "C" uniforms and the blue dress "C"/"D" uniforms. Service aiguillettes are not worn on the service sweater, tanker jacket or all-weather coat.

c. To prevent the scarlet color from running, service aiguillettes should not be worn outdoors during periods of precipitation.

d. Service aiguillettes will be fastened under the shoulder strap and go around the shoulder just under the armpit, with the longest loop nearest the collar.

When the service "A" uniform is worn by officers, the wear of the collar insignia is required at all times. Collar insignia is worn on women's white shirts only when it is anticipated that the blue dress coat may be removed in office spaces. The insignia will be centered between the top and bottom edge of the collar, with the outer edge of the insignia one inch from the front edge of the collar.

4007. SERVICE/IDENTIFICATION BADGES. (See fig. 4-18.)1. General

a. The following badges are authorized to be worn on Marine Corps uniforms; Presidential Service Badge (PSB), Vice-Presidential Service Badge (VPSB), Office of the Secretary of Defense Identification Badge (OSD ID Badge), and the Joint Chiefs of Staff Identification Badge (JCS ID Badge). Marines who have met established criteria for the permanent wear of these badges may wear them after detachment from qualifying duty.

b. Marines assigned to joint/unified commands may be authorized to wear distinctive command identification badges, but only upon approval from the CMC (MCUB). Requests will originate from the Marine Corps commander or the command's senior Marine Corps representative and will include a photograph, drawing, or sample of the device and local regulations regarding its wear. Unless otherwise prescribed in the approval letter, command ID badges will be worn in the same general manner as prescribed for the OSD and JCS ID badges. Approved command identification devices will be worn for the duration of assignment to that command only.

c. No more than two service/identification badges will be worn on the same side of the uniform. When two badges are worn, they will be worn vertically aligned on the upper pocket or corresponding position on uniforms that do not have pockets in this position. On pockets with flaps, these

badges will be vertically centered between the lower point of the flap and bottom of the pocket, midway between the two sides. When both the PSB and VPSB are worn, the PSB will be uppermost. If both OSD and JCS badges are worn, the OSD will be uppermost. If an OSD or JCS badge is worn with a command identification device, the OSD/JCS badge will be uppermost. On women's coats and khaki shirts, the lower badge will be placed per the regulations for a single badge with the second badge worn centered 1/8" above the first. However, on women's uniforms, if the wear of two badges on the same side presents an unsatisfactory appearance or cannot be accommodated only the badge of the current assignment will be worn.

2. Regulations for Wear

a. Male Marines

(1) Presidential Service Badge (PSB). The PSB consists of a blue enameled disc, 1-15/16 inches in diameter, surrounded by 27 gold rays radiating from the center. Superimposed on the disc is a gold-colored device taken from the seal of the President of the United States, encircled with 50 stars.

(a) Placement of the PSB. On the blue dress coat, service coat, and khaki long/short-sleeve shirts, the PSB is centered on the upper right pocket. On the evening dress uniforms, the PSB will be positioned in a location that corresponds to that of the dress coat. On pockets that have flaps, the badge will be centered between the lower point of the flap and the bottom of the pocket and midway between the two sides.

(b) The PSB will not be worn on the AWC, tanker jacket, service, ECWCS parka, blue dress sweaters, or utility uniforms.

(2) Vice-Presidential Service Badge (VPSB)

(a) The VPSB consists of a white enameled disc, 1-15/16 inches in diameter, surrounded by 27 gold rays radiating from the center. Superimposed on the disc is a gold-colored device taken from the seal of the Vice-President of the United States.

(b) Placement of the VPSB. Marines authorized to wear the VPSB will wear it according to the regulations for the PSB, above.

(3) Office of the Secretary of Defense Identification Badge (OSD ID Badge). The OSD ID badge consists of an eagle with wings displayed horizontally, grasping three crossed gold arrows, and having on its breast, an enamel shield consisting of a blue upper portion and 13 alternating red and white stripes on the lower portion; a gold annulet passing behind the wing tips bearing 13 gold stars above the eagle and a wreath of laurel and olive in green enamel below the eagle; all superimposed on a silver sunburst of 33 rays, 2 inches in diameter.

(a) Only personnel assigned to duty in the OSD and who received a certificate of eligibility may wear the badge.

(b) Placement of the OSD ID Badge. On the blue dress coat, service coat, and khaki long/short-sleeve shirts, the OSD ID Badge is centered on the upper left pocket. On the evening dress uniform, the badge will be positioned in a location that corresponds to that of the dress coat. On pockets with flaps, the badge will be centered between the lower point of the flap and the bottom of the pocket and midway between the two sides.

(c) The miniature OSD ID badge is a smaller version of the standard 2-inch diameter badge which has been reduced in size to 1-1/2 inches in diameter. Only the miniature badge may be worn on the evening dress, blue dress "C"/"D," and service "B"/"C" uniforms. Placement will be as follows:

1 On the male officers' evening dress jacket, the badge will be placed on the left front panel with the top of the badge centered 1 inch below the bottom edge of the miniature medals.

2 On the male SNCOs evening dress jacket, the badge will be placed on the left-front panel on an extension of an imaginary line formed by the three front buttons of the left panel. The badge will be placed midway between the top button and the point where the imaginary line meets the lapel.

3 On the male khaki shirts, the badge will be worn centered on the left pocket.

(4) Joint Chiefs of Staff Identification Badge (JCS ID Badge). The standard size JCS ID badge consists of the United States shield (upper portion in blue, and 13 stripes of alternating red and white enamel) superimposed on four gold metal unsheathed swords (two placed vertically and two diagonally), pointing to the top, with points and pommels resting on the wreath, blades and grips entwined with a gold metal continuous scroll surrounding the shield with the word "JOINT" at the top and the words "CHIEFS OF STAFF" at bottom, in blue enamel letters; all within an oval silver metal wreath of laurel 2-1/4 inches high by 2 inches wide.

(a) The badge may be permanently awarded to any Marine assigned to the organization of the JCS who serves at least 365 consecutive days after 14 January 1961 and who receives a certificate of eligibility. The JCS, the operations deputies, and the deputy operations deputies are eligible to wear the badge immediately upon assumption of tenure. All other assigned personnel may wear the badge on a temporary basis, for identification purposes, for the first 365 days of their tours.

(b) Placement of the JCS ID Badge. The standard JCS ID badge will be worn in the same manner as the OSD ID badge.

(c) The miniature JCS ID badge is reduced in size by one third, with nine stripes on the shield, but otherwise is identical to the standard badge. The miniature badge will be worn in the same manner as the miniature OSD ID badge.

b. Female Marines. The guidance and badge description provided in subparagraph 4007.2a is germane, only the actual placement of the badges on the female uniforms differs.

(1) Placement of badges on female uniforms

(a) On women's service and dress coats, badges will be placed on the left front jacket panel, on a horizontal line midway between the second and third buttons with a tolerance of 1-1/2 inches. On evening dress jackets, badges will be centered on the left-front jacket panel so that the bottom of the badge is slightly higher than the highest button. The placement of the badge may be adjusted slightly to ensure the proper flat appearance. On women's khaki shirts, badges will be centered on the right side, on a horizontal line even with or up to 2 inches above the first visible button from the top.

(b) Placement of the OSD ID Badge. On women's coats the badge will be worn on the left in the manner described in subparagraph 4007.2b(1)(a), above; however while on duty with OSD, it will be worn according to OSD instructions.

(c) The miniature OSD Id badge is a smaller version of the standard 2-inch diameter badge, which has been reduced in size to 1-1/2 inches in diameter. Only the miniature badge may be worn on the evening dress, blue dress "C"/"D," and service "B"/"C" uniforms. Placement will be as follows:

(1) On officers' and SNCOs evening dress jacket, the badge will be placed centered on the left-front panel with the bottom of badge about 2 inches higher than the top button. The placement of the badge may be adjusted slightly to ensure the proper flat appearance.

(2) On khaki shirts, the badge will be worn on the right side, centered on a horizontal line even with or 2 inches above the first visible button from the top.

4008. SERVICE STRIPES. (See figs. 4-5, 4-6, and 4-7.)

1. All enlisted personnel will wear one service stripe for any four-year period of honorable service, creditable for retirement (under 10 U.S.C. 1332), in any, or a combination of the following services:

3. Regulations for Wear

(1) On the blue dress coat, lower scarlet point of the stripe will meet the point of the piping of the cuff.

(2) On the green service coat, lower scarlet edge of the stripe centered 1/2 inch above the point of the cuff.

(3) Succeeding stripes will be 1/8 inch above and parallel to the next lower stripe.

2. Hamilton Wash large and miniature medals, also known as "anodized," may be worn at the individual's option. Marines who exercise this option will have their own medals anodized at the individual's expense. Anodized medals will not be worn together with non-anodized medals by the same individual; however, Marines with anodized medals may wear them in formation with Marines who have standard non-anodized medals.
3. Medals with suspension ribbons bonded to a plastic backing instead of a metal bar are approved for wear at the option of the individual. These medals lie flatter than the standard medals and may include magnetic fasteners in lieu of clutches for attaching to the uniform. These medals will bear Marine Corps approval identification.
4. Marines will wear all large medals to which they are entitled on dress "A" coats.
5. Miniatures of all medals entitled are required for officers/SNCO's when evening dress uniforms are worn. The Medal of Honor will NOT be mounted nor reproduced in miniature.
6. A person in receipt of an award from a foreign government which includes stars, sashes, orders, or devices (except the Fourragere) dissimilar to, or required to be worn differently than United States awards, may wear the medal or ribbon bar as a courtesy to that country only when attending a public function in the country, or in the house of or in honor of a public official or other distinguished citizen of that foreign country. Foreign medals and ribbon bars will be worn as similar to the foreign country's regulations as is practicable; however, at least one U.S. award must be worn when a foreign award is worn. Marines awarded a foreign medal, which, under the rules of the country concerned, is required to be worn at the neck, will so wear it. A Marine awarded both the Medal of Honor and a foreign medal worn at the neck, will wear the foreign award so that it shows below the Medal of Honor.

5201. MOUNTED MEDALS. (See figs. 5-1 and 5-2)

1. When only one medal is worn, it will be worn as issued through the DoD Supply System, or purchased in miniature.

2. When more than one medal is worn, they will be suspended from a holding bar of sufficient stiffness to support the weight of the medals.
3. When more than one row of medals is worn, the medals will be worn overlapped and in rows arranged according to tables 5-1 and 5-2. Upper or first row of medals will be mounted so that the medallions of the upper row cover the holding bar and suspension ribbons of the medals below.
4. For men, the maximum width of the holding bar for large medals will be 5-3/4 inches, and the length of the medals from top of holding bar to bottom of medallions will be 3-1/4 inches. A maximum of four large medals side by side will fit on the maximum width of holding bar; however, a maximum of seven medals will fit on the holding bar if overlapped. The overlapping on each row will be equal (not to exceed 50 percent). The right or inboard medal will show in full.
5. Women will wear no more than three large medals side by side on a single holding bar not to exceed 4-1/4 inches; however, a maximum of five medals will fit on the holding bar if overlapped.
6. For men, the maximum width of the holding bar for miniature medals will be 4 inches, and the length of the medals from the top of the holding bar to the bottom of medals will be 2-1/4 inches. A maximum of five miniature medals side by side will fit on a 4-inch holding bar; however, a maximum of 10 medals will fit on the holding bar if overlapped. The overlapping on each row will be equal (not to exceed 50 percent). The right or inboard medal will show in full.
7. For women, the holding bar for miniature medals will be no wider than 3-1/4 inches. A maximum of four medals side by side will fit on this width-holding bar; however, a maximum of eight medals will fit on the holding bar if overlapped.

5202. WEARING LARGE MEDALS. (See fig. 5-3.)

1. Medal of Honor. On the officer's evening dress and all other dress "A" uniforms, the Medal of Honor will be worn around the neck with the ribbon under the coat or jacket collar. The medallion will emerge at the opening between the collar hook and the top button of the coat or jacket, and hang 1 inch below the bottom edge of the collar. On the SNCO evening dress uniform, the Medal of Honor will be worn around the neck with the ribbon under the jacket collar. The medallion will hang 1 inch below the men's bow tie.

2. Large Medals

a. On the men's blue dress and blue-white dress coats, large medals will be worn centered above the left breast pocket with the upper edge of the holding bar on a line midway between the first and second buttons of the coats.

b. On women's blue dress coats, one row of large medals will be placed centered over the left breast pocket with the top of the holding bar about 1 inch above a horizontal line tangent to the highest part of the pocket. When two or more rows of medals are worn, the top of the holding bars of the

bottom row of the medals will be approximately 1/4 to 1 inch above a horizontal line tangent to the highest point of the pocket. The holding bars of the top row of medals will be at least 1/8 of an inch below the collar. If necessary the medals may be shifted from center towards the armhole seam between 1/4 and 1/2 inches so that no more than one-third of any medal is covered by the coat lapel.

3. Wearing Ribbon Bars With Large Medals. When large medals are worn, all unit citations and other ribbons with no medal authorized will be worn centered over the right breast pocket, the bottom edge of the lower row 1/8 inch above the top of the pocket. Women will wear these ribbons on the right side of the coat front in about the same vertical position as worn with dress "B" and service "A" uniforms. Ribbon bars are normally worn in rows of three in the order of precedence from the wearer's right to left and from top down (for example: top row, Combat Action Ribbon, Presidential Unit Citation, Navy Unit Commendation; bottom row, Meritorious Unit Commendation, Korean Presidential Unit Citation, Vietnam Presidential Unit Citation). Marines who have not been awarded large medals, but who are entitled to wear a ribbon(s) for which no medal is authorized will wear such ribbon(s) over the right breast pocket as described above.

5203. WEARING MINIATURE MEDALS. (See fig. 5-4)

1. The Medal of Honor and miniature medals will be worn on all evening dress uniforms. When miniature medals are worn, no ribbons will be worn.

2. On male officers' evening dress jackets, miniature medals will be centered on the left-front panel of the jacket midway between the inner edge and the left armhole seam, with the top of the holding bar on line with the second blind buttonhole.

3. On the male SNCOs evening dress jacket, the miniature medals will be centered on the left lapel with the top of the holding bar approximately 1 inch below the left lapel notch. If regulation size holding bars will not fit on the lapel, medals may extend beyond the lapel edge onto the jacket's left breast.

4. On the women's evening dress jacket, miniature medals will be placed centered on the left lapel with the top of the holding bar at the lapel's widest part. If regulation size holding bars will not fit centered on the lapel, medals may extend beyond the lapel's edge onto the jacket's left breast.

5. Wear on Civilian Evening Clothes

a. Males. Miniature medals may be worn on the left lapel of the civilian evening coat on ceremonial occasions, but only when strictly appropriate to the occasion. On the full dress and tuxedo coats, miniatures will be worn centered on the wearer's left lapel, placed horizontally and one inch below the end of the collar gorge. The top edge of the holding bar will completely cover the buttonhole. If current styles preclude wearing on the lapel, miniatures will be placed in the same relative position as if there was a lapel.

b. Females. Miniature medals may be worn on civilian evening attire on ceremonial occasions, but only when strictly appropriate to the occasion. Miniatures will be worn in approximately the same position where they would be worn on the uniform. If current styles preclude the wearing of miniatures in a place approximating the position where they would be worn on the uniform, miniatures will not be worn.

c. If a second row of miniatures is worn, it will be placed 1 inch below the first row. In no case will more than two rows of miniatures be worn on civilian attire.

CHAPTER 5

AWARDS

SECTION 3: RIBBON BARS AND FOURRAGERE

5300. GENERAL

1. Ribbons for ribbon bars will be of the same material as the medal's suspension ribbon. Ribbon bars authorized for awards that have no medal such as the Presidential Unit Citation, Navy Unit Commendation, etc., will be of the material prescribed in applicable military specifications.
2. Each U.S. ribbon bar will be 3/8 inch high and 1-3/8 inch wide (same as the width of the medal's suspension ribbon). Foreign ribbon bars (including those with devices) that have been authorized by law may be worn only if they can be adapted to meet regulation height requirement and do not exceed twice the width of the standard U.S. ribbon bar.
3. Ribbon bars will not be impregnated with preservatives which change the appearance of the ribbon, nor will they be worn with any type of transparent coverings.
4. Ribbons bonded to a plastic backing instead of a metal bar are approved for wear at the option of the individual. These ribbon bars lie flatter than the standard ribbon bars and may include magnetic fasteners in lieu of clutches for attaching to the uniform. These ribbon bars will bear Marine Corps approval identification.
5. Stars and other attachments will be worn as prescribed in section 4 of this chapter.

5301. WEARING RIBBONS. (See fig. 5-5.)

1. Marines will wear all ribbons to which they are entitled on service and dress "B" coats. Ribbons will be worn on the dress "A" coats only as authorized in paragraph 5202.
2. When the blue dress "C"/"D" or service "B"/"C" uniforms are worn the wearing of ribbons on khaki shirts is at the individual's option unless the commander prescribes that ribbons be worn. If ribbons are worn on these uniforms, either all ribbons, or personal U.S. decorations with U.S. unit awards and the Good Conduct Medal, may be worn at the individual's option.
3. Ribbon bars will be worn on a bar or bars and pinned to the coat or shirt. No portion of the bar or pin will be visible.
4. Ribbon bars are normally worn in rows of three; however, rows of four may be worn when displaying a large number of awards. Two-ribbon rows may

Figure 5-6.--Placement of Ribbons.

be worn when ribbon bars are worn in successively decreasing rows per subparagraph 5301.5. Female Marines may also wear two-ribbon rows when a three-ribbon row would not lay flat or would extend too close to the armhole seam.

5. When more than one row of ribbon bars is worn, all rows except the uppermost will contain the same number of ribbons. If the number of ribbons worn causes the ribbons to be concealed by the service coat lapel (one-third or more of a ribbon concealed), ribbon bars will be placed in successively decreasing rows; e.g., four-ribbon rows, three-ribbon rows, two-ribbon rows, single ribbon. The left (outer) edge of all decreasing rows will be in line vertically; except that when the top row presents an unsatisfactory appearance when so aligned, it will be placed in the position presenting the neatest appearance (usually centered over the row immediately below it).

6. Parallel rows of ribbon bars will either be spaced 1/8 inch apart or placed together without spacing at the individual's option.

7. Ribbon bars will be centered 1/8 inch above and parallel to the top edge of the upper left pocket of dress "B" coats, service coats, and men's khaki shirts. When marksmanship badges are worn, ribbon bars will be centered over the pocket with the bottom edge of the ribbon bar 1/8 inch above the widest holding bar of the marksmanship badge(s).

8. On women's coats with horizontal pockets, ribbons will be worn as prescribed above. On women's coats with slanted upper pockets, a horizontal line tangent to the highest point of the pocket will be considered the top of the pocket (see fig. 4-3). On women's khaki shirts, ribbon bars will be placed even with or up to 2 inches above the first visible button and centered so that they are in about the same position as when worn on the coat. On the maternity tunic, ribbon bars will be placed so that they are in about the same position as when worn on the service coats. On the khaki maternity shirt, when worn as an outer garment, ribbon bars will be worn in the same manner as on the standard khaki shirt, except they will be placed 1/2 to 1 inch above the horizontal yoke seam stitching and may be adjusted to the individual to present a military appearance.

5302. FOURRAGERE. (See fig. 5-6.)

1. The Fourragere was awarded by the French Ministry of War to those units which were cited two or more times in the French Orders of the Army, and when awarded became part of the cited unit's uniform.

2. The 5th and 6th Marine Regiments were so cited during World War I, and therefore, all Marines serving in these units are authorized to wear the Fourragere.

3. Marines entitled to wear the Fourragere will wear it on all uniform service and dress coats/jackets when medals or ribbons are prescribed. The Fourragere will not be worn on the tanker jacket or the AWC.

4. The Fourragere will have a pencil attachment with a polished brass or black tip, will be of the same shades as the ribbon of the Croix de Guerre

Medal, and will conform to applicable military specifications per direction from CMC (MMAA).

5. The Fourragere will be worn over the left shoulder with the left arm passing through the large loop of the cord; the small loop will engage the button under the shoulder strap, except on the enlisted men's blue dress coat when it will engage the button above the strap, and the metal pencil attachment will hang naturally to the front.

AWARDS

SECTION 4: ATTACHMENTS

5400. GENERAL. (See fig. 5-7.)

1. Stars, clasps, numerals, letter devices, and other miscellaneous devices will be worn on the suspension ribbon of large and miniature medals, and on the ribbon bars prescribed herein.

2. Anodized ribbon attachments (stars, clasps, numerals, letter/miscellaneous devices) and ribbon frames are authorized for optional purchase and wear. Oxidized and anodized attachments and ribbon frames will not be mixed.

3. Multiple Attachments

a. The following ribbon attachments of a one-piece construction in multiples of two, three, and four are authorized for optional purchase and wear:

(1) 3/16-inch bronze stars

(2) 5/16-inch gold stars

(3) Bronze oak leaf clusters

b. The above ribbon attachments are available through Marine Corps exchanges and approved commercial sources.

c. These multiple attachments are worn centered on ribbon bars and will not be worn on the same ribbon in combination with single stars or other devices. They will not be worn on suspension ribbons of large or miniature medals.

5401. STARS

1. Placement of Stars

a. On suspension ribbons of large/miniature medals, stars are placed with one ray of each star pointing up. If one star is authorized, it will be centered on the suspension ribbon. For more than one star, they will be evenly spaced in a vertical line at the center of the suspension ribbon with the senior star uppermost.

b. On ribbon bars, stars are placed with one ray of each star pointing up. If one star is authorized, it will be centered on the ribbon bar. For more than one star, they will be evenly spaced in a horizontal line on the ribbon bar, except when multiple star attachments are worn. Silver star(s)

worn with a bronze or gold star(s) will be worn as stated above, except the first bronze or gold star is placed to the wearer's left of the silver star(s) with additional stars alternating to the right of the silver star and so on.

c. When stars are worn with other devices such as the bronze letter "V," paragraph 5402 applies.

2. Gold Stars. A gold star is worn on suspension ribbons of large/miniature medals and on the ribbon bars for all personal decorations in lieu of a second or subsequent award, except for strike/flight awards of the Air Medal (see subparagraphs 5402.4 and 5402.5). The gold star worn on the suspension ribbons of large medals and ribbon bars will be 5/16 inch in diameter. Those worn on suspension ribbons of miniature medals will be 1/8 inch in diameter. For regulations on wearing oak leaf clusters in lieu of gold stars see subparagraph 5404.1.

3. Silver Stars. A silver star is worn on suspension ribbons of large/miniature medals and on ribbon bars in lieu of five gold stars, or in lieu of five bronze stars, except for strike/flight awards of the Air Medal (see subparagraphs 5402.4 and 5402.5). The 5/16-inch silver star will replace five 5/16-inch gold stars. The 3/16-inch silver star will replace the five 3/16-inch bronze stars. The silver star worn on suspension ribbons of miniature medals will be 1/8 inch in diameter.

4. Bronze Stars

a. Bronze stars are worn on suspension ribbons of medals or ribbon bars of the following awards to indicate a second or subsequent award or to indicate major engagements in which the individual participated:

- (1) Presidential Unit Citation
- (2) Navy Unit Commendation
- (3) Meritorious Unit Commendation
- (4) Prisoner of War Medal
- (5) Marine Corps Good Conduct Medal
- (6) Organized Marine Corps Reserve Medal

- (11) Korean Service Medal
- (12) Armed Forces Expeditionary Medal

- (13) Vietnam Service Medal
- (14) Southwest Asia Service Medal

- (19) Marine Corps Recruiting Ribbon
- (20) Marine Corps Reserve Medal
- (21) Philippine Defense Ribbon
- (22) Philippine Liberation Ribbon
- (23) NATO Medal
- (24) Armed Forces Service Medal

b. Bronze stars worn on the suspension ribbon of large medals and on ribbon bars will be 3/16 inch in diameter. Stars worn on the suspension ribbon of miniature medals will be 1/8 inch in diameter.

c. A bronze star is also worn on the initial award of the Air Medal to denote a single mission/individual award (see paragraph 5402.5).

5402. LETTERS/NUMERALS

1. Manner of Wearing. A letter device is worn centered on the ribbon. These devices are block letters 1/4 inch high for large medal suspension ribbons or ribbon bars, and 1/8 inch high for miniature medal suspension ribbons.

2. Bronze Letter "M." Authorized Marines will wear the bronze "M" device, positioned on the ribbon and medal along with a number indicating the number of times the "M" Device has been awarded on the ribbon and suspension ribbon of the AFRM medal. Multiple periods of service during one contingency operation shall count as one "M" Device award. Appropriate wear of the AFRM and "M" Device shall be as follows:

a. Not entitled to "M" Device, but entitled to the AFRM: the AFRM with appropriate bronze/silver/gold hourglass is centered on the ribbon bar and suspension ribbon.

b. Entitled to "M" Device and AFRM based upon qualifying years of service: the "M" Device is centered on the AFRM with the appropriate hourglass device positioned on the wearer's right.

c. Entitled to "M" Device, but not otherwise entitled to the AFRM: The "M" Device is centered on the ribbon bar and suspension ribbon. The ribbon is authorized upon receipt of the "M" Device despite having served less than ten years.

d. Entitlement to numerous "M" Devices and AFRM: the "M" Device is centered on the ribbon bar and suspension ribbon with the appropriate hour glass to the wearer's right and a bronze Arabic numeral to the wearer's left. Numerals will begin with the second award (2).

3. Bronze Letter "V" (Combat Distinguishing Device)

a. The bronze letter "V" may be authorized for wear on the following combat decorations if the award is approved for acts or services involving direct participation in combat operations:

- (1) Legion of Merit
- (2) Distinguished Flying Cross
- (3) Bronze Star Medal
- (4) Air Medal
- (5) Joint Service Commendation Medal
- (6) Navy/Marine Corps Commendation Medal
- (7) Navy/Marine Corps Achievement Medal

b. The approved bronze letter "V" is gold in color. Black or darkened devices may continue to be worn until the individual's awards require remounting, at which time the appropriate gold-colored "V" will be worn.

c. Whenever the "V" device is authorized, the citation must contain a statement of authorization. The bronze letter "V" awarded under previous criteria may continue to be worn on all awards if the citation specifically authorizes its wear.

d. Only one "V" will be worn. Gold, bronze, or silver stars, or oak leaf clusters worn to indicate subsequent awards are evenly spaced in a vertical line above the "V" at the center of suspension ribbons of large and miniature medals. They will be evenly spaced in a horizontal line on the ribbon bar with the "V" at the approximate center and the stars arranged symmetrically in relation to the "V"; the first star to the wearer's right, the second to the left, and so on.

4. Silver Letter "E." Individuals awarded the Navy "E" Ribbon will wear a silver block letter "E," 1/8-inch high, centered on the ribbon. Subsequent awards are indicated by an additional silver "E" attachment for each award. When more than one "E" attachment is worn, they are placed in a horizontal line evenly spaced, centered on the ribbon. For four or more awards, only one 1/8-inch silver-wreathed "E" attachment centered on the ribbon is worn.

5. Strike/Flight Numerals. Personnel receiving strike/flight awards of the Air Medal will wear a bronze Arabic numeral 3/16-inch in diameter to indicate the total number of awards of this type after 9 April 1962. Numerals are placed on the ribbon bar as far to the wearer's left as possible without overlapping the edge of the ribbon. On the suspension ribbons of the large and miniature medals, the numerals are placed symmetrically immediately below the center of the suspension ribbon.

6. Single Mission/Individual Numerals. By order of the Secretary of the Navy, the use of numerals to represent single mission/individual awards of the Air Medal was discontinued effective 22 November 1989. However, personnel who received single mission/individual awards of the Air Medal prior to that date will continue to wear 3/16 inch gold Arabic numerals to indicate the total number of awards of this type received. If any subsequent awards are received after the effective date, stars will be used to indicate all awards received before and after 22 November 1989.

a. Awards Prior to 22 November 1989. Gold Arabic numerals are placed on the ribbon bar as far to the wearer's right as possible without overlapping the edge of the ribbon. Bronze letter "V" (Combat Distinguishing Device), if authorized, is centered on the ribbon bar. On suspension ribbons of large and miniature medals, the bronze letter "V" is centered directly below the Single Mission/Individual numerals.

b. Awards After 22 November 1989. Bronze stars, 3/16 inch in diameter, are worn to denote the first award. Subsequent awards will be indicated by 5/16-inch gold stars (Note: If the individual is entitled to subsequent awards, the bronze star indicating the first award will not be worn). A 5/16-inch silver star will be worn in lieu of five gold stars. Bronze, gold, and silver stars and the bronze letter "V" are worn on the ribbon bar/suspension ribbon as indicated in the paragraph above.

5403. CLASPS

1. General. Clasps or bars are worn on suspension ribbons only. A single clasp is worn in the center with additional clasps equally spaced according to dates during which earned, earliest date uppermost. If worn with other attachments, however, clasps are worn below such attachments. Miniature clasps or bars, when available are similarly worn with appropriate miniature medals.

2. Navy Occupation Service Medal. Appropriate clasps marked "EUROPE" and "ASIA" are worn on suspension ribbons of large and miniature medals to denote service in Europe and Asia, respectively.

3. Antarctica Service Medal. Personnel who stay or have stayed on the Antarctic continent during the winter months are eligible to wear a bronze clasp with the words "Wintered Over" on the suspension ribbon of the large medal. A gold clasp is authorized for the second wintering over period, and a silver clasp is worn for the third or subsequent wintering over period. Only one bronze, gold or silver clasp is worn on the suspension ribbon of the medal.

4. Gold/Silver Life Saving Medals. Gold or silver bars awarded in lieu of a second or subsequent award are worn at the bottom of the suspension ribbon, the first award uppermost.

5404. MISCELLANEOUS DEVICES

1. Oak Leaf Cluster. If a second or subsequent award of a personal military decoration or the Joint Meritorious Unit Award is bestowed upon a Marine by the Department of Defense, Army, or Air Force, a bronze (or silver) twig of four oak leaves with three acorns on the stem, 13/32 inch in length is worn on the suspension ribbon of the large medal, and a 5/16-inch twig is worn on the ribbon bar. A 7/32" inch twig is worn on miniature medals. Oak leaf clusters are worn with the stem of the oak leaves toward the wearer's right, stem down. A silver oak leaf cluster is worn in lieu of five bronze oak leaf clusters for the same decoration.

2. Gold Compass Rose. A gold compass rose is authorized for the suspension ribbon of the medal and ribbon bar of the National Security Medal to denote each subsequent award earned.

3. Planet Symbol. A ball-shaped object symbolizing a planet, with wing configuration is authorized for the suspension ribbon of the medal and ribbon bar of the NASA Distinguished Service Medal to denote each subsequent award earned.

4. Space Oak Leaf Cluster. An oak leaf cluster will be worn on the suspension ribbon of the medal and ribbon bar of the NASA Space Flight Medal to denote subsequent awards. A silver cluster will denote each subsequent award for the second through the fourth awards. A gold oak leaf cluster will denote the fifth award.

5. Hour Glass. Marines are awarded the Armed Forces Reserve Medal with the bronze hourglass device upon completion of 10 years of service. A silver hourglass device is awarded upon completion of the second 10-year period, a gold device upon completion of the third 10 year period, and a gold hourglass device followed by a bronze Hour Glass device will be awarded upon completion of the fourth 10-year period of service. This device represents an hourglass with the Roman numeral X superimposed thereon. It is worn centered on the suspension ribbon and the ribbon bar. The device for the suspension ribbon of the large medal and the ribbon bar will be 3/8-inch high. The device for the suspension ribbon of the miniature medal will be 1/8-inch high.

6. Antarctica Continental Disc. Personnel who stay or have stayed on the Antarctic continent during the winter months will be eligible to wear a bronze disc 5/16 inch in diameter with the outline of the Antarctic continent, on the suspension ribbon of the miniature medal and on the ribbon bar of the Antarctica Service Medal. A gold disc is authorized for a second wintering over period and a silver disc for three or more wintering over periods. The disc is worn with peninsula pointing up. Only one disc will be worn on the ribbon.

7. Vietnam "60" Device. Marines authorized to wear the Republic of Vietnam Campaign Medal will wear the silver banner device with the numerals "60" on the suspension ribbons and ribbon bar. The device for the suspension ribbon

of the large medal will be 1-1/4 inches in length; the device for the suspension ribbon of the miniature medal and ribbon bar will be 5/8 inch in length.

8. Vietnam Gallantry Cross with Devices. Marines authorized to wear the Gallantry Cross as a personal decoration will wear the award with appropriate devices designating the level for which the award was presented. A palm indicates "cited before the Army," a gold star indicates "cited before the Corps," a silver star indicates "cited before the Division," and a bronze star indicates "cited before the Regiment." No frame is worn with the ribbon bar.

a. Only one medal and/or ribbon bar is worn regardless of the number of awards received. In the event more than one award is authorized, an individual will wear as many of the authorized devices, using the most senior awards, that will fit onto one suspension ribbon or ribbon bar. If more than one device is authorized, the senior device is worn to the wearer's right. The palm is worn with the stem to the wearer's right and the stars are worn with the single ray pointing upward.

b. For the initial award, the size of the devices designating the appropriate level of the award are as issued by the government of South Vietnam (on the ribbon bar, the palm is 6/8 inch and the stars are 3/8 inch; on the suspension ribbon, the palm is 1-7/16 inches and the stars are 3/8 inch).

c. The size of the palm device for subsequent awards is reduced to 6/8 inch for the suspension ribbon of the large medal and to 3/8 inch for the ribbon bar. The star devices (gold, silver, or bronze) remain the same size as authorized for the initial award.

9. Republic of Vietnam Meritorious Unit Citation with Gallantry Cross Color and Civil Actions Color. Authorized personnel wear the ribbon bars for the Republic of Vietnam Meritorious Unit Citation Gallantry Cross Color and Civil Actions Color with the palm and gold frame. 5501. REGULATIONS FOR WEAR

1. Marksmanship badges will not be worn with the evening dress, blue dress "A," blue-white dress "A," utility, and camouflage maternity work uniforms. Commanders may prescribe marksmanship badges for wear on all other uniforms. Unless otherwise prescribed by the commander, wearing marksmanship badges is at the option of the individual.

2. Badges are worn, according to seniority, centered above the left breast pocket, with the bottom edge of the highest holding bar $\frac{1}{8}$ inch above the pocket's top edge (see fig. 5-5). The top edges of all badges will be aligned.

3. When men wear two badges, they are symmetrically placed on a line with about $\frac{3}{4}$ -inch space between holding bars, but in no case will they span more than $4\frac{1}{4}$ -inches. When three marksmanship badges are worn, they are symmetrically placed above the left pocket with $\frac{1}{4}$ -inch spacing between the holding bars of each badge.

4. When women wear two badges, they are symmetrically placed on a line so that their outermost edges are approximately even with the pocket edges. However, there must be at least a $\frac{1}{4}$ -inch space between holding bars; in no case will the space exceed $\frac{1}{2}$ inch. When three marksmanship badges are worn, they are symmetrically placed above the left pocket with $\frac{1}{8}$ -inch spacing between the holding bar of each badge.

5. On women's coats with horizontal pockets, ribbons will be worn as prescribed above. To determine the proper location for marksmanship badges on women's coats with slanted upper pockets, a horizontal line tangent to the highest point of the pocket is considered the top of the pocket. On women's khaki shirts, badges are placed even with or up to two inches above the first visible button and centered so that they are in about the same position as on the coat. On the khaki maternity shirt, badges are worn in the same manner as on the standard khaki shirt, except they are placed $\frac{1}{2}$ to 1 inch above the horizontal yoke seam stitching and may be adjusted to the individual to present a military appearance.

6. Only one qualification badge for a specific type of weapon may be worn at any time except that two competition badges for the same weapon may be worn. No more than three marksmanship badges will be worn at any time. Marines entitled to more than three awards may select the three to be worn.

7. When ribbon bars are worn with the badges, the lowest row of ribbons is $\frac{1}{8}$ inch above the top edge of the marksmanship badges. If only marksmanship badges and breast insignia are worn, the insignia is centered $\frac{1}{8}$ inch above the top edge of the marksmanship badge(s).

The Marine is accountable for organizational clothing and equipment issued, and will return it upon reassignment. Organizational clothing will be issued only at the discretion of the commander, according to guidelines and directives published by HQMC.
2. Special organizational clothing such as coveralls, cold weather clothing, desert clothing (with exception of desert combat utility uniforms), aviation clothing and equipment, NBC defense protective clothing and physical training clothing will be worn when and as prescribed by the commander.
3. Separate items of organizational clothing or equipment listed in this chapter may be prescribed with the uniform of the day at the commander's discretion.

1. The campaign hat may be worn with the duty uniform by Marines listed below, and is not authorized for leave, liberty, or in formation with troops, except as required for drill instructors. It will not be worn with the blue dress or blue-white "A"/"B" uniforms. Service cap branch of service insignia will be worn in the center front ventilation eyelet. Hats, brims,

Local regulations will not restrict locations where the field coat can be worn provided it is clean and serviceable. The field coat will not be marked with the USMC/emblem decal nor will it be worn with name and service tapes.

2. The field coat will be replaced by the ECWCS parka per ULSSs 001996-15 and ULSS 002096. As of 1 October 2005, the field coat will be deemed obsolete and no longer authorized for wear.

MARINE CORPS UNIFORM REGULATIONS

CHAPTER 8

UNIFORMS FOR NAVY PERSONNEL, RESERVE/ RETIRED MARINES, MCJROTC, AND CIVILIANS

8000. GENERAL

1. Any individual wearing the Marine Corps uniform is expected to reflect the high personal appearance standards and esprit de corps that all Marines in uniform represent. To this end, particular attention will be paid not only to the correct and military wear of uniform components, but also to the individual's personal and physical appearance.

2. All personnel exercising the privilege of wearing the Marine Corps service or dress uniform will comply fully with Marine Corps grooming and weight control standards.

8001. NAVY PERSONNEL SERVING WITH MARINE CORPS UNITS. (See figs. 8-1 through 8-3.)

1. Service Uniforms. The wear of Navy or Marine Corps service uniforms by Navy personnel serving with Marine Corps units will be as follows:

a. Officers. Navy officers may purchase and wear Marine Corps service uniforms at their option. When the Marine Corps service uniform is worn, Navy officers will abide by Marine Corps grooming and physical appearance standards and the uniform will be worn in the manner prescribed for Marine officers, except as otherwise specified in this chapter. Those officers who do not elect to wear Marine Corps service uniforms will wear the equivalent Navy service uniform and abide by Navy grooming and physical appearance standards.

b. Enlisted

(1) Marine Corps service uniforms are provided only to those Navy hospital corpsmen, dental technicians, or religious program specialists who elect to wear them. These Navy enlisted will wear Marine Corps service uniforms for the duration of their continuous service with Marine Corps units when directed by the commander. They will abide by Marine Corps grooming and physical appearance standards and, except as otherwise prescribed in this chapter, wear the service uniforms with the same required/optional components and in the same manner as prescribed for Marines.

(2) Navy hospital corpsmen, dental technicians, or religious program specialists who do not elect to wear Marine Corps service uniforms, or those Navy enlisted personnel in other specialties not entitled to the service uniform option, will wear the equivalent Navy service uniform when required and abide by Navy grooming and physical appearance standards.

(3) All Navy enlisted personnel serving with Marine Corps units and who wear Navy service uniforms will be issued sufficient quantities of unit identification marks (UIM's) for wear on their service uniforms. Unit supply

officers will procure UIM's with local operation and maintenance funds. The marks will reflect the short title at the major command level and will be worn per the guidance contained in U.S. Navy Uniform Regulations.

2. Utility Uniforms. The Marine Corps issues the utility uniform to all Navy hospital corpsmen, dental technicians, or religious program specialists with Marine Corps units and to Navy counselors, yeomen, personnel men and disbursing clerks assigned to Marine units. The utility uniform, when it is issued by and at the expense of the Marine Corps, shall be worn in accordance with the provisions of this manual. There are two utility uniforms, as described by paragraph 2005. The camouflage utility uniform is a standard uniform authorized by the U.S. Navy and the U.S. Marine Corps, but the Navy issues it only to Sailors in certain specialties. The combat utility uniform is unique to the Marine Corps and may only be worn by Sailors when they are serving with Marine Corps units. The wear of the utility uniform by Navy personnel serving with Marine Corps units will be as follows:

a. Officers. Navy officers do not receive a uniform allowance and therefore will not be mandated to wear the utility uniform, but they may purchase and wear the utility uniform at their option. When camouflage utilities are worn, Navy officers may elect abide by either Navy uniform regulations or Marine Corps, as described by this manual. However, while serving with the Marine Corps embroidered insignia will not be worn on the camouflage utility uniform, regardless of whether Navy or Marine Corps regulations are being followed. When combat utilities are worn, Navy officers will abide by Marine Corps uniform regulations, as outlined below.

b. Enlisted

(1) Those Navy enlisted personnel who elect to wear Marine Corps service uniforms are also issued utility uniforms. When worn by these personnel, the utility uniform is considered to be a Marine Corps uniform and will be worn with the same required/optional components and in the same manner as prescribed for Marines, except as otherwise prescribed in this chapter. Marine Corps grooming and physical appearance standards will apply.

(2) Those Navy enlisted personnel who do not elect to wear the Marine Corps service uniform, but are issued the utility uniform at the Marine Corps expense, shall wear the utility uniform in accordance with this manual, with the following exceptions:

(a) Navy appearance standards may apply at the option of the individual.

(b) Either Navy or Marine Corps uniform accessories (e.g., belt buckle, undershirt and outerwear) may be worn at the individual's option, however, those Marine Corps items not issued must be purchased at the individual's expense.

c. General. The following regulations apply to the wear of utility uniforms worn by Navy personnel serving with Marine units:

(1) Name and service tapes will be worn on utility uniforms. Tapes will be worn on the utility coat and trousers as prescribed for Marines in

Chapter 3, except that service tapes will be inscribed with "U.S. NAVY" in upper case letters with a space before "NAVY."

(2) The left breast pocket of the camouflage utility coat will not have iron on decals or embroidery. The left breast pocket of the combat utility coat will have the embroidered Marine Corps emblem. No alterations of the utility uniform worn by Navy personnel is permitted unless otherwise authorized by this manual.

(3) If the wear of a camouflage helmet is required and issued by the Marine Corps, Navy personnel will wear a helmet cover with a Marine Corps emblem decal.

(4) The extended cold weather clothing system (ECWCS) parka is normally issued to Sailors, and when issued as an organizational item, will be worn in accordance with the regulations provided in chapter 7 of this manual. The ECWCS parka may also be purchased by the individual as an optional uniform item and worn with utilities, except when specifically prohibited by the commander for reasons of uniformity. Whenever the organizational or optional ECWCS parka is worn, collar grade insignia will be worn centered on the zipper flap in the space provided.

(5) Female Navy personnel are not authorized to wear earrings or carry handbags with the utility uniform.

3. Insignia. When Navy personnel wear the Marine Corps service uniform or Marine Corps utility uniform, branch of service insignia, insignia of grade and staff corps insignia will be worn according to the following:

a. Caps (service, garrison and utility)

(1) Navy officers and chief petty officers will wear their black miniature cap device on the left side of the garrison cap in the manner prescribed in paragraphs 4004 and 4005 of these regulations. Additionally, Navy officer collar grade insignia will be worn on the right side of the garrison cap. Personnel below the grade of chief petty officer will wear enlisted Marine Corps branch of service insignia on the garrison cap, as prescribed in subparagraph 4001.2. If the service frame cap is worn, the Marine Corps service cap insignia will be worn in the eyelet provided.

(2) The utility cap will not be stenciled or embroidered with the Marine Corps emblem, but the combat utility field hat will have the Marine Corps emblem embroidered on the center panel (as issued/sold through approved sources). Navy officers will wear the appropriate subdued, pin-on cap insignia, while chief petty officers and petty officers will wear the appropriate subdued pin-on insignia of grade at the position on the cap where the Marine Corps emblem is normally stenciled or embroidered (except for the combat utility field hat). Enlisted Sailors, E-1 to E-3, will not wear insignia of grade on utility caps. Cap insignia of grade will not be worn on the field hat.

Navy enlisted who do not rate a specialty device will wear black grade insignia on both collar points.

4. Awards/Breast Insignia

a. Awards. In addition to those awards listed in chapter 5 that Marines may wear, Navy personnel may wear, when so entitled, the FMF Service Ribbon and, on designated awards, the FMF Combat Operation Insignia. Navy marksmanship ribbons may also be worn on Marine Corps service uniforms. Navy personnel who subsequently qualify for Marine Corps marksmanship badges may wear them in lieu of Navy marksmanship ribbons at their option.

b. Breast Insignia

(1) Warfare/Qualification Breast Insignia. All accouterments identified as warfare and other qualification breast insignia in the current edition of the Navy Uniform Regulations or as identified in these regulations may be worn; but the manner of wear will be consistent with paragraph 4002 of these regulations. 5. Marine Corps Reservists employed in any capacity by a military school will not wear the uniform unless specifically authorized by the CMC. Requests for such authority should be addressed to the CMC (MCUB) and will contain a written statement from school officials indicating that the individual is or will be employed there, to include job title. When such authority is granted, personnel will wear the insignia of their grade in the Marine Corps Reserve. No school or other unauthorized insignia will be worn on the Marine Corps uniform.

8003. RETIRED PERSONNEL (INCLUDING FLEET MARINE CORPS RESERVE)

4. Retirees employed in any capacity by a military school, except the MCJROTC program, will not wear the uniform unless specifically authorized by the CMC. Requests for such authority should be addressed to the CMC (MCUB) and will contain a written statement from school officials indicating that the individual is or will be employed there, to include job title. When such authority is granted, personnel will wear uniforms prescribed for persons of corresponding grade on the active list. No school or other unauthorized insignia will be worn on the Marine Corps uniform.
5. Retirees employed as instructors under the MCJROTC program will wear the Marine Corps uniform during school hours and at other appropriate times according to these regulations.

3. A distinctive MCJROTC round patch will be worn on the left sleeve of all outer clothing except the service sweater and AWC. It will be centered on the outer half of the sleeve, 1/2 inch below the shoulder seam. The patch will be 3 inches in diameter and contain a gold Marine Corps emblem centered on a scarlet field, which is surrounded with a blue border containing the words "US Marine Corps Junior ROTC" in white lettering. A gold border surrounds the blue field.
4. In addition to the required distinctive patch, one school patch may be worn on the right sleeve of all outer clothing, except the service sweater and AWC, centered on the outer half of the sleeve, 1/2 inch below the shoulder seam. Sample patches will be submitted to the Commanding General, Training and Education Command (46JR), Quantico, VA for approval, and if approved, will be procured at other than Marine Corps expense. Patches will be from two inches to 2-1/2 inches in length or diameter. Normally only Marine Corps or school colors will be approved for use in school patches.

2. All enlisted Marines receive a Clothing Replacement Allowance (CRA) annually on their enlistment anniversary. This allowance is intended to provide sufficient compensation to replace minimum issue clothing required per the applicable MCBul 10120 at a reasonable rate due to normal wear. CHAPTER 10

CARE AND MARKING OF UNIFORMS

SECTION 1: CARE OF THE UNIFORM

10100. GENERAL

1. The following information is presented to help prolong the useful life of uniforms and accessories so that they may be worn with the justifiable pride, which distinguishes Marines in uniform.

2. No matter how well-fitting a uniform is when new, it will not continue to look its best unless well cared for both during wear and when not in use. A uniform should be put on carefully and kept buttoned. Large or heavy objects carried in the pockets will soon destroy the shape of the uniform. When not in use, carefully place uniforms on hangers and keep in a well-ventilated storage space. Well-constructed wooden or plastic hangers shaped to fit the shoulder contour, with locking trouser bar or clips, are recommended. When uniforms are folded in duffel bags or other containers for storage or shipment, fold them carefully to preserve their original shape.

10101. DRESS UNIFORMS

1. Because of less frequent wear, use particular care when storing dress uniforms. Gold braid on evening dress uniforms may deteriorate if in close proximity to any substance containing sulphur, such as rubber and manila or craft paper. High humidity or sharp temperature changes will also cause tarnishing if the uniform is not adequately protected. An airtight plastic clothing bag with a packet of desiccant (drying agent) enclosed will give greatest protection. Place the uniform carefully on a substantial hanger and store in a dry, cool, well-ventilated closet. An experienced tailor should normally clean gold braid, although liquid nontoxic preparations available may be used if applied according to manufacturer's instructions. Embroidered insignia may be kept bright by occasional scrubbing with a nail brush and a solution of ammonia and water. Do this periodically, or as soon as any signs of tarnish or corrosion appears. In case of severe corrosion, the insignia cannot be restored to its original condition and must be replaced. The synthetic tarnish-resistant gold braided accessory items do not require heavy cleaning. A soft cloth may be carefully used to remove dust. Since temperature changes do not affect these items, store as required to protect the uniform fabric itself.

2. According to manufacturer's label instructions, blue-white dress uniforms white items of polyester or polyester/rayon gabardine may be either professionally dry cleaned, or laundered and pressed. As dry cleaning has frequently caused the polyester/rayon uniforms to become yellow or gray, hand or machine laundering of these uniforms is preferable. Hand launder in warm water using mild detergent; scrub soiled areas; rinse thoroughly in clear warm water; dry without wringing. Machine launder using a mild detergent; complete washing cycle for 30 minutes in 90-degree to 120-degree water; rinse thoroughly in clear warm water; set automatic dryer for regular fabrics and

dry for 15 minutes. If pressing is required, use a cool iron. Do not use iron above rayon setting. Do not use hot iron.

3. Other dress uniforms should receive maximum care according to general instructions above and those for the particular type of uniform material. Wool and polyester/wool uniforms are best maintained by dry cleaning by experienced dry cleaning establishments.

4. Medals, insignia and other accessories should be cleaned and removed from the uniforms when not in use to reduce unnecessary strain on the material.

10102. SERVICE UNIFORMS

1. The same care required for a dress uniform is applicable to service uniforms; however, due to more constant use some additional measures may prove beneficial. As heat, friction, and pressure have a deteriorating effect on materials, service uniforms generally show more wear at creased areas. This may be partially offset by periodically pressing out old creases and reforming them slightly to either side of the previous crease. Sleeve cuffs and trousers/slacks/skirt hems should be periodically examined and turned if material permits. Dry cleaning preserves the original appearance and finish of wool and polyester/wool garments and is recommended over hand laundering. However, when dry cleaning facilities are not available, and only as a last resort, wool and polyester/wool uniforms may be hand laundered. Hand launder with a neutral soap and fresh lukewarm water 70 to 80 degrees. If hard water is used, add small amount of water softener to the water. Do not use chlorine bleach. In laundering, thick suds are necessary for best results. The soap should be thoroughly dissolved in hot water and added to the cool water to reach a temperature of approximately 70 to 80 degrees. In order to preserve the finish, rubbing should be minimized. Rinse thoroughly to remove all traces of the soap. Avoid high temperature, friction, and pressure as much as possible. Never run through a wringer or never twist to remove the excess water before drying. After washing the garments, squeeze gently to remove surplus water, shape garment by hand, and dry in open air. Colored garments should not be hung in the sun to dry. If this is unavoidable, garments should be turned inside out to dry.

2. Uniform items manufactured of polyester/cotton should not be bleached or starched.

10103. CAMOUFLAGE UTILITY UNIFORMS. Washing instructions, to preclude shrinking of the camouflage utility uniform, are as follows: during the washing, drying, and finishing cycles, use the lowest possible temperature setting so that at no time will the garment be exposed to temperatures greater than 130 degrees. Some laundry facilities may not press utilities due to potential damage from automated presses. Thus, any pressing required will be the individual Marine's responsibility. Although the use of starch or sizing is authorized as an individual option, it may adversely affect the comfort and durability of the uniform.

10104. COMBAT UTILITY UNIFORM. In order to maximize service life and maintain optimum performance, the following instructions should be followed when caring for the uniform:

1. Wash in warm water and mild detergent containing no optical brighteners or bleach. Tumble dry at low heat (not to exceed 130° F). Remove immediately from the dryer and fold flat or place on a rustproof hanger to ensure heat from the dryer does not set wrinkles. To drip dry, remove from the washer/water and place on a rustproof hanger. Do not wring or twist.
2. A hand iron set on low heat may be used to individually press areas such as collar points or pocket flaps to help maintain a neat appearance. Care should be taken when pressing creases, as the uniform is manufactured with permanent creases. Improper pressing may result in multiple permanent creases. No new creases may be created.
3. The use of starch, sizing and any process that involves dry-cleaning or a steam press will adversely affect the treatments and durability of the uniform and is not authorized.

10105. ALL-WEATHER COAT/TANKER JACKET. The AWC and tanker jacket should be dry-cleaned only. A water repellency treatment should be applied after four- or five-dry cleanings.

10106. BUTTONS AND INSIGNIA

1. Gold buttons are plated to prevent tarnishing and should not be polished with abrasives or polishing cloths containing chemicals. Clean gold buttons with a weak solution of household ammonia and water.
2. Gold-plated buttons that have had the plating removed are likely to turn green due to exposure to moist air. This can be removed by rubbing gently with acetic acid or any substance containing this acid, such as vinegar, followed by a thorough washing in fresh water and drying.
3. The gold-filled parts and the sterling silver rhodium-finished parts of metal insignia are cleaned by washing with soap and water. Avoid using silver polish or abrasive.
4. Service insignia will not be polished. If the black finish wears off, replace the insignia or refinish with USMC approved liquid, black protective coating as sold through the Marine Corps Exchange. Use of paints or other unapproved coloring agents is prohibited.

10107. FOOTWEAR

1. Maintenance of leather footwear is necessary to ensure maximum wear and to protect the healthy, sanitary condition of the feet. When not in use, the shape of the shoes should be maintained using shoe trees. Foot powder should be liberally sprinkled inside the shoe to absorb moisture. Constant inspection is necessary to ensure prompt repair to avoid breakdown of the upper leather.
2. Shoes should be kept clean as sand, dirt, grit, etc., have a deterioration action on shoe threads and shoe leather. Clean leather uppers periodically with saddle soap, which is a leather preservative. Dubbing should never be used on footwear as such compounds seal the pores of the leather and cause excessive perspiration.

3. Synthetic Leather Shoes. For normal care, these shoes may be cleaned by wiping with a damp cloth or sponge. Occasional polishing with paste wax or cream polishes may be required; however, excess dust and dirt should be removed before polishing. Use liquid polish with care to avoid streaking. For white synthetic shoes use a good polish in moderate amounts. To cover abrasion or scuff marks, apply a paste wax shoe polish, and then paste wax. Stains should be wiped off as quickly as possible, and then cleaned. For stubborn stains, try lighter fluid. On white synthetic shoes, a mild abrasive cleaner may be used if rubbed gently. Do not use chlorinated cleaners, bleaches, or harsh abrasives. For cleaning, never use acetone, nail polish remover, chlorinated dry cleaning solvents, or alcohol. When in doubt about a cleaner or polish, try a little on the instep, close to the sole.

4. Marine Corps Combat Boots (MCCBs). The brown MCCB (TW) and MCCB (HW) should be kept clean by using a stiff bristle brush to remove mud and dirt and then rinsing with plain water. Allow the boots to naturally dry by placing them in cool, dry area with good air circulation. Use of forced hot air to dry boots will stiffen the leather and cause cracks. Application of special treatments, such as waterproofing sealants and wax polish will seal pores and restrict breathing of the leather and is not authorized. Other treatments such as leather conditioning and saddle soap will cause excessive and permanent fading or darkening of the brown leather tanning and is not authorized. The use of edge dressing is prohibited. Spots worn smooth by excessive wear may be gently abraded with either a wire-bristle brush or rough-grain sandpaper until they have a surface area consistent with the other areas of the leather upper.

10108. GREEN UNDERSHIRTS

1. Although the dyed cotton material used in green undershirt has a strong tendency to fade, proper laundering and care will eliminate or reduce the probability of this occurring. However, fading/discoloration alone does not render the undershirt unserviceable.

2. Launder the green undershirt using the permanent press cycle or hand wash in cold or warm water. Do not use bleach or detergents that contain bleaching agents. Tumble dry on the permanent press cycle, drip dry on a rust-proof hanger, or line dry out of the sun's direct rays. Allowing the undershirt to come in contact with oxidizing agents, such as benzyl peroxide (used in most acne medications) may cause spots that cannot be removed without ruining the shirt.

10109. KHAKI WEB BELTS. When belts are laundered, shrinkage is a normal reaction of untreated webbing. To compensate for shrinkage, the belts are manufactured in two lengths, 45 and 50 inches. Belts should be washed at least three times before cutting to normal waist size. To prevent excess shrinkage after laundering, hand stretch the belts while wet.

10110. STORING WOMEN'S SERVICE AND DRESS CAPS. Utilize the packaging material (tissue paper and chipboard cylinder) as it was originally used for storing. The cap should fit snugly within the box, with

tissue paper used to prevent shifting of the cap and to support the crown. The chipboard cylinder should be placed flat (not on edge) within the crown to afford additional support.

10111. SERVICE/DRESS SWEATERS. Dry cleaning sweaters is recommended. However, the sweaters may be hand laundered following the guidance in subparagraph 10102.1 for service uniforms.

10112. SWORD AND SCABBARD

1. The sword blade and scabbard with chrome plating have been plated to prevent rust; however, should the plating be removed by use of abrasives or as a result of scratches or misuse, rust is likely. When not in use, the blade and the scabbard should be kept in a dry place and should be coated with a film of light oil.

2. Clean the grip by wiping it with a damp cloth and drying thoroughly.

3. The mountings on the sword and scabbard, including the hilt, are made of solid brass, highly polished or anodized. For best results clean all mountings with a cloth moistened with soapsuds to which a few drops of household ammonia have been added. Do not use abrasives or polishing cloths containing chemicals. Wipe with a cloth moistened with clear water and dry thoroughly.

4. The scabbard of the noncommissioned officers' sword is covered with leather and should be cleaned with saddle soap. The sword blade and the gold-plated brass mountings should be maintained as indicated above.

10113. WHITE VINYL COVERS/CAPS. The white vinyl frame cap covers and the women's white dress vinyl caps may be cleaned with a soft brush (for light dirt/dust) or with a soft cloth dipped in warm soapy water. Brushing/cleaning motion should be in the direction of the grain of the vinyl.

10114. MARTIAL ARTS UTILITY BELTS. These belts are 46 inches in length and made of treated nylon. They come in five colors, tan, gray, green, brown, and black, and as appropriate, have accompanying woven red or tan nylon stripes indicating instructor qualification. The martial arts belt can be hand or machine laundered without bleach.

10115. MATERNITY UNIFORMS. The maternity tunic, slacks, and skirt may be dry cleaned or washed in warm water on the gentle cycle with mild detergent and allowed to drip dry. Items may be tumble-dried if the dryer has an air cycle with no heat. Do not bleach. The maternity uniform should not be washed with other dark clothes. If touch-up pressing is desired, a cool iron should be used. Maternity shirts and the camouflage work uniform will be maintained in the same manner as the equivalent standard uniform items.

10116. CUTS IN CLOTH. For the utility uniform only, a clean cut in the uniform can be repaired by being rewoven with threads drawn from the material in another part of the garment. This must be done by an experienced tailor and is an expensive process; however, a well re-woven cut cannot be noticed.

10117. PREVENTING MOTH DAMAGE. Frequent brushing and exposure to sunlight and fresh air will effectively prevent moths. If uniforms are to be put away for a long time and left unattended, they should be thoroughly cleaned and packed in an airtight plastic bag or protected from moth damage.

CHAPTER 10

CARE AND MARKING OF UNIFORMS

SECTION 2: MARKING OF CLOTHING

10200. GENERAL

1. Enlisted Marines will plainly and indelibly mark every article of uniform clothing with the owner's name (except for organizational clothing). Marks will be of a size appropriate to the article and the space available for marking and will consist of block letters not more than 1/2 inch in size. Marking machines, stencil, marking tape or labels, or stamp, as appropriate, may be used. Names will be marked in black on light-colored material and inside the utility uniform and in white on dark-colored materials. Marks will be placed so that they do not show when the uniform is worn except that nametapes will be worn on the outside of the utility uniform as prescribed in paragraph 3032. When a marking tape or label is used, it should either be commercial or one made by printing or stamping the name on white tape, other than adhesive tape. In order to standardize throughout the Marine Corps and prevent variation from station to station, no elaboration of the following guide for marking will be made, nor will any greater preciseness of location be prescribed.

2. Articles marked with another individual's name will have the first owner's name obliterated by blocking out the name or using a commercial eradicator. The new owner's name will be re-marked according to these instructions. All re-marked clothing, with the exception of uniforms stamped "Recovered Clothing 1/2 Price" (RC 1/2) must be substantiated with an appropriate entry on the administrative remarks page of the service record book.

3. If Marines have clothing marked according to previously published instructions, re-marking is not required until the markings become illegible. If a Marine's name is legally changed, re-marking with the new name is not required until the old markings become illegible; however, an appropriate remark will be entered on the administrative remarks page of the service record book.

CHAPTER 11

LAWS AND DIRECTIVES

11000. GENERAL

1. In addition to these regulations and other directives issued by the CMC, U.S. Navy Regulations and Department of Defense directives, State and Federal laws have also been promulgated which pertain to Armed Forces uniforms. Portions of these regulations, directives, and laws that are applicable to Marine Corps personnel, or to Marine Corps uniforms, are contained in this chapter.

2. No attempt has been made to excerpt or interpret the laws of any State. Commanders are responsible for becoming acquainted with and publicizing any State law that may affect the administration of their commands.

11001. U.S. NAVY REGULATIONS PERTAINING TO UNIFORMS

1. Article 1161 states that regulation clothing will not be disposed of except when authorized by proper authority; and that no enlisted person will possess, without proper permission, any clothing articles belonging to any other person in the naval service.

2. Articles 1245 and 1251 indicate what uniforms are required in connection with official visits.

3. Articles 1286 and 1289 set forth the requirements for the wearing of the mourning badge.

11002. DEPARTMENT OF DEFENSE DIRECTIVES PERTAINING TO UNIFORMS

1. Implementing 10 U.S.C. 772, the President, by Executive Order 10554 of 18 August 1954, delegated to the Secretary of Defense the authority to prescribe regulations under which persons may wear the uniform. The following excerpts from DoD Directive 1334.1 of 11 August 1969 outline these regulations:

a. Members of the Armed Forces (including retired members and members of reserve components). The wearing of the uniform is prohibited under any of the following circumstances:

(1) At any meeting or demonstration which is a function of, or sponsored by an organization, association, movement, group, or combination of persons which the Attorney General of the United States has designated, pursuant to E.O. 10450, as amended as totalitarian, fascist, communist, or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny others their rights under The Constitution of the United States, or as seeking to alter the form of Government of the United States by unconstitutional means.

(2) During or in connection with the furtherance of political activities, private employment or commercial interests, when an inference of official sponsorship for the activity or interest could be drawn.

(3) Except when authorized by competent Service authority, when participating in activities such as public speeches, interviews, picket lines, marches, rallies or any public demonstration (including those pertaining to civil rights), which may imply Service sanction of the cause for which the demonstration or activity is conducted.

(4) When wearing of the uniform would tend to bring discredit upon the Armed Forces.

(5) When specifically prohibited by regulations of the department concerned.

b. Former Members of the Armed Forces. Unless qualified under another provision of this Order or under the provisions of 10 U.S.C. 772, former members who served honorably during a declared or undeclared war and whose most recent service was terminated under honorable conditions may wear the uniform in the highest grade held during such war service only upon the following occasions and in the course of travel incident thereto:

(1) Military funerals, memorial services, weddings, and inaugurations.

(2) Parades on national or state holidays; or other parades or ceremonies of a patriotic character in which any active or reserve United States military unit are taking part. 'Wearing of the uniform or any part thereof at any other time or for any purpose is prohibited.'

c. Medal of Honor Holders. Persons who have been awarded the Medal of Honor may wear the uniform at their pleasure except under the circumstances set forth in Subsection a., above."

2. Pursuant to DoD Instruction 5410.20, unauthorized use of approved Marine Corps uniform emblems or insignia on civilian attire, or other non-uniform attire, is prohibited.

3. The President, by Executive Order 10113 of 24 February 1950, delegated to the Secretary of Defense the authority to prescribe the quantity and kind of clothing that shall be furnished to enlisted Marines, or the cash allowance to be provided in lieu thereof. Department of Defense Directive 1338.18 of 29 Jul 85 outlines the policies and regulations pertaining thereto.

11003. SECRETARY OF THE NAVY POLICY PERTAINING TO UNIFORMS

1. Pursuant to subparagraph 11002.1a(5), the Secretary of the Navy has prescribed that:

a. The exercise of the rights of freedom of speech and assembly does not include the right to borrow the inherent dignity, prestige, and traditions represented by uniforms of the naval service to lend weight and significance to privately held convictions on public issues.

b. Members of the Navy and Marine Corps (including retired members and members of Reserve components) are prohibited from wearing uniforms of the naval service while attending or participating in, or continuing to attend or participate in, a demonstration, assembly, or activity with knowledge that a purpose of such demonstration, assembly, or activity is the furtherance of personal or partisan views on political, social, economic, or religious issues except:

(1) In connection with official duties or as otherwise authorized in advance by competent authority; or

(2) Incident to attendance at or participation in a bona fide religious service or observance.

c. Authorization to wear the uniform should be granted by a commanding officer when reasonably assured that the service member's appearance in uniform at the particular event, viewed objectively, is not for the purpose of lending substantial weight or significance to privately held convictions or interests; would not be so construed by an observer; and that the demonstration, assembly, or activity does not relate to matters in public controversy.

2. To implement 10 U.S.C 773, the Secretary of the Navy has prescribed the following distinctive mark for wear by members of military societies which are composed entirely of honorably discharged officers and enlisted personnel, or by the instructors and members of duly organized cadet corps.

a. The distinctive mark will be a diamond, 3-1/2 inches long by two inches wide, of any cloth material. A white distinctive mark will be worn on blue, green, or khaki clothing; and a blue distinctive mark will be worn on white clothing.

b. The distinctive mark will be worn on all outer clothing on the right sleeve, at the point of the shoulder, the upper tip of the diamond to be 1/4 inch below the shoulder seam.

11004. LAWS PERTAINING TO THE UNIFORM

1. Per 10 U.S.C. 771, no person, unless otherwise authorized by law, may wear the uniform or a distinctive part of the uniform of which is similar to a distinctive part of the Marine Corps uniform.

2. According to 18 U.S.C. 702, whoever wears the Marine Corps uniform without authority, in any place within the jurisdiction of the United States will be fined not more than \$250 or imprisoned not more than six months, or both.

3. According to 10 U.S.C. 772, the Marine Corps uniform may be worn by personnel not on active duty under the following conditions:

a. Retired Marine Corps officers may bear the title and wear the uniform of their retired grade.

b. Former Marines who are discharged honorably or under honorable conditions from the Marine Corps may wear their uniform while going from the place of discharge to their home of record, within three months after discharge.

c. Former Marines not on active duty who served honorably in time of war in the Marine Corps may bear the title, and as authorized by regulations prescribed by the President, wear the uniform of the highest grade held during that war (subparagraph 11002.1).

d. While portraying a member of the Marine Corps, an actor in a theatrical or motion picture production may wear the Marine Corps uniform provided the portrayal does not tend to discredit the Marine Corps.

e. While attending a course of military instruction conducted by the Marine Corps, a civilian may wear the uniform prescribed by the commander of the installation conducting the instruction.

4. According to 10 U.S.C. 773, a person for whom one of the following uniforms is prescribed may wear it, if it includes distinctive insignia prescribed by the Secretary of the military department concerned to distinguish it from the uniform of the Marine Corps (subparagraph 11003.2).

a. The uniform prescribed by the university, college, or school for an instructor or member of the organized cadet corps of:

(1) A State university or college, or a public high school, having a regular course of military instruction.

(2) An educational institution having a regular course of military instruction, and having a member of the Marine Corps as instructor of military science and tactics.

b. A uniform prescribed under subparagraph 11004.4a, above, may not include insignia of grade the same as, or similar to, those prescribed for Marine Corps officers.

c. Under such regulations as the secretary of the military department concerned may prescribe, any person who is permitted to attend a course of instruction prescribed for members of Reserve Officers' Training Corps, and who is not a member of that corps, may, while attending that course of instruction, wear the uniform of that corps.

5. According to 18 U.S.C. 244, whoever, being a proprietor, manager, or employee of a theater or other public place of entertainment or amusement in the District of Columbia or in any territory, or possession of the United States, causes any person wearing the uniform of any of the Armed Forces of the United States to be discriminated against because of that uniform, shall be fined not more than \$500.
